### Formosa Plastics Corporation, U.S.A. Expansion Update – January 2020

**LIVINGSTON, NJ** (*January 22, 2020*) – Formosa Plastics Corporation, U.S.A. continues its progress on the construction and startup of expansion units at our Point Comfort, Texas site. Included below is the status of selected expansion units.

- LDPE Plant (New-TX)      Commissioning. Initial start-up expected in April 2020.
- Olefins-III (New-TX)      Initial start-up complete. Output scale-up in progress.
- Utilities-III (New - TX)      Commissioning. Initial start-up expected in February 2020.

Additional updates will be issued as progress is made toward full operation for these units.

Formosa Plastics Corporation, U.S.A. is a vertically integrated producer of plastics resins and chemicals. Its polyethylene and polypropylene resins are marketed under the *Formolene*® trade name. Its polyvinyl chloride resins are marketed under the *Formolon*® trade name. The company, which is headquartered in Livingston, New Jersey, has over 2,900 employees and is registered to the ISO 9001 quality management system and the ISO 14001 environmental management system.
